62/70 Moultonboro Neck Road, Moultonborough, NH (Tax Map 135, Lot 16)
Request for Continuance

Dear Mr. Mark Stephens:

This letter is to inform you that at its regular meeting held remotely on October 28, 2020, the Planning Board granted your request for continuance in the above-captioned matter to the Wednesday, December 9, 2020 regularly scheduled Planning Board meeting to be held remotely.

As noted in Planner Woodruff's email of October 21, 2020, materials must be submitted to the Land Use Department no later than November 12, 2020, and that it is the expectation of the Board that a complete package of information will be submitted by that time.

The Board feels the applicant has had sufficient time to assemble the required information for Site Plan and Conditional Use Permit application review and that it has been very generous in granting the 3 prior continuances requested. Please be advised that modifications and use of the area described in the application has not been approved and is not permitted.

If you have any questions or comments in this matter, please contact our Interim Town Planner, Bruce Woodruff at 476-2347.

Yours truly,

Scott R. Bartlett
Chairman
